Mission Moment

This month, we would like to share a mission moment statement from Dolan H., who is pursuing an Associates of Science degree with interest in Biology or Psychology. Dolan would like to recognize Adam Hughes, Assistant Professor of Biology.

Mr. Hughes, Bio 101... what can I even

*Congratulations, Mr. Hughes!
And thank you for your dedication
to Kish College and our students!*

say. He's such a nice and funny guy and clearly cares about all his students and the subject material closely. Aside from that, I was in a really dark place in my life, and he helped me get enough points to pass. My mom had just passed about half a year ago and I was spiraling through depression, and he gave me an extra day to do my quizzes, and some very kind words. There is no professor like him, I'm serious. He deserves an award. He helped me when no one else would.

Share your Mission Moment

We want to recognize students who have experienced positive successes through staff, faculty, and/or peer collaboration at Kishwaukee College. Please answer the questions in the link provided as thoroughly as you can so we can share your moment with others on campus. By submitting this information, you are providing consent for the college to share this moment with our Board of Trustees, other staff members on campus and the colleges social media platforms. Please note, we will only share your first name.

Diversity, Equity, Inclusion & Accessibility

At Kish, we celebrate the many contributions that our diverse students, faculty, staff and administration make to our college and community. We strive to create and continually improve a campus environment that ensures respect for these differences and encourages their expression.
