Re: Approval of Bid for Truck Driver Training Simulator

On September 11, 2026, a request for proposals (RFP) was issued for the purchase of a truck driver training simulator. This instructional equipment will be used to support the Truck Driver Training (TRK) and Diesel Power Technology (DPT) departments within the Business and Technical Education (BTE) division.

The bid opening was held on September 23, 2026, at 2:00 p.m. Six companies submitted proposals. Quake Logic submitted the lowest bid at \$54,985; however, the proposal did not include several required features specified in the bid package. Advanced Training Systems submitted the next lowest bid at \$75,000 and met all specification requirements.

This purchase was included in the planned expenditures for the Noncredit Strategies at Work Grant and will support the objectives of the grant as discussed at the September Board of Trustees meeting.

Approval of the bid submitted by Advanced Training Systems (ATS) for the TaskMaster-NG CDL Training Simulator is in the amount of \$75,000 is recommended.
