The selected Vendor should furnish, deliver, install, configure, test, and support the Softball Scoreboard, together with all hardware, software, licenses, accessories, documentation, training, and services required for a complete and fully operational turnkey solution.
The Softball Scoreboard shall be ready for use upon final acceptance.

A question was submitted about the wood posts that the current sign is attached. One of the posts has a speaker and other items attached to it.

Q: Would you like us to leave that as is and have the new poles centered on that so that you do not lose the speaker and other items on it?
A: The post with the speaker is to stay if new posts are needed.
