Re: 2024 Board of Trustees Awards of Excellence Recommendation

We are pleased to announce that the following individuals have been nominated for the 2024 Board of Trustees Award of Excellence.

For each award category, a committee is formed to review the nomination materials. These committees then propose a recipient to the President, who subsequently submits a recommendation to the Board of Trustees for approval during their March meeting.

Recommended recipients have been identified in bold with an underline and asterisks in each category. We kindly request that the Board of Trustees approve these individuals for award.
