

8-Week Advantage

A fully 8-week course schedule allows you take two classes every 8-weeks. Why is this a great idea?

- + Focus on just two classes at a time**
Two classes at a time instead of four means more focus on fewer subjects
- + Flexible schedule**
More opportunities to start classes: January, March, June, August and October
- + More students complete their courses**
Prevent mid-semester burnout and less likely to have class interrupted by your life outside of college
- + Graduate sooner and get better grades**
Studies show that students who take only 8-week classes are more likely to graduate and get better grades
- + Build stronger connections**
More time and fewer classes means you get to know your instructors and classmates better

Ready to try an all 8-week schedule? Check out some sample course options on the next page.

Sign up for all your eight week courses at one time!
