

Online A.A. Degree – Full-Time

THE PROGRAM

Flexible and affordable opportunities are available to adult learners attending Kishwaukee College. **The Adult Learner Pathway** provides students with options on how they can earn their degree. Students can complete an Associate in Arts degree entirely online, and they can attend as full-time or part-time. The pathway offers students the option to go at their own pace. By completing the requirements, students will earn the general education credit needed to continue their education with a seamless transfer to a four-year institution or continue into the workforce. Requires 64 hours.

TRANSFER PLANNING

By carefully constructing an educational plan, students can select Kishwaukee College courses for transfer to a variety of four-year colleges and universities. When a student has selected a transfer institution it is important for the student to review that institution's **specific admission and course requirements**. The Academic Advising office can assist students with this process. The **Illinois Articulation Initiative (IAI)** is a statewide transfer agreement on courses transferable among more than 100 participating colleges or universities in Illinois.
