

Associate in Applied Science

Radiologic Technology

THE PROGRAM

The Radiologic Technology Program is a degree composed of professional and general education courses. The professional radiology theory, positioning methods, image assessment and patient care courses are taught concurrently with clinical practicum courses offering the student the opportunity to apply principles and skills as they are learning. Throughout the six terms of the Program, students will be scheduled at more than one of the following clinical education sites: Kishwaukee Hospital, DeKalb; KishHealth Physicians Group, Sycamore; Rochelle Community Hospital, Rochelle; Valley West Community Hospital, Sandwich; Rush-Copley Medical Center, Aurora. Requires 69 credit hours.

ADMISSION CRITERIA

Enrollment in the Radiologic Technology Program is limited to clinical site capacity. All applications are evaluated without discrimination with regard to age, race, sex, creed, national origin, or disability.

A variable tuition rate per credit hour in addition to the standard tuition rate will be applied to all radiologic technology courses for students admitted.

Admission into the Kishwaukee College Radiologic Technology Program requires the applicant to complete a series of steps. Please see the website, www.kish.edu/radiology for more information on the admission process.

RADIOGRAPHY APPLICATIONS

The Radiologic Technology Program starts only in the fall of each year. Applications are accepted only between December 1 - December 21. Applications must be post marked between December 1 - December 21 for admission into the fall. Admission to the Radiologic Technology Program is selective based upon pre-admission test scores, academic achievement, professional compatibility and clinical site capacity. Those applicants who have been admitted into the Program will be notified in January.
