WRITING PROMPT

Both Mahatma Gandhi and Dr. Martin Luther King, Jr., advocated for nonviolence as the way to confront the hate and discrimination that so often accompanies the disrespect of other human beings. The work and words of Gandhi and King are both an example and a road map for the way forward for our country. As a community college student, outline a plan that will educate the members of your college community about the scope of the problem and the elements of and rationale for a nonviolent response. In the description of your plan, please provide specific examples of how the legacies of Gandhi and King have affected your life and volunteer activities as a community college student.

Each entry will be judged based on the following criteria:
