

Beekeeping 101

*Spring 2019
Session*

February 9, 2019
Saturday
9:00am-5:00pm
Room-B-1272

Cost – \$59

Early spring is the time to begin keeping honeybees. This course is designed for beginners who want to become a beekeeper. Students will learn the basics of handling bees and harvesting hive products. Honeybee biology, hive basics, installing bees and honeybee management will be discussed.

The instructor, Larry Kregel, began working with bees in 1984 and has been teaching beginning beekeepers for the past 15 years. *be with the bees in 1984 and have been teaching beginning beekeepers for the last 15 years. As a beekeeper, I sell honey and beeswax, while taking on side jobs hiving swarms and removing bees from buildings. Beekeeping has my time with the bees in 1984 and have been teaching beginning*
